**Dear Bob,**

**Since I don't have letterhead or a secretary please feel free to modify this testimonial in any way you want. Then fax me a copy for my signature ( your secretary, or Beth, could prepare the letterhead any way you like). (fax to 949 488 7099).**

**Attention all persons looking for a lawyer:**

**As a lawyer myself for the past 30 years I have had the pleasure of serving clients along side of Robert Dewberry. He is without question among the brightest Litigation and Business lawyers I have met.**

**In the courtroom I must say how happy I was to find myself on the same side of the counsel table as this articulate and powerful attorney. He is the master of persuasive argument. I found myself spellbound by the hard work and dedication that he employed when pursuing his clients needs.**

**No client could expect greater loyalty from this unstoppable force. And, frankly, no client should have to accept less. I know I haven't. As I am leaving the practice of law to pursue my real estate and restaurant business endeavors I have hired Bob as my personal counsel. I, quite simply, would not settle for less.**

**I feel comfortable, having observed his pension for the utmost in integrity, in recommending him as your business and litigation specialist.**
