

October 27, 2008

We have used The Dewberry Firm for the past 16 years. Robert has assisted us in many ways... from signing legal documents pertaining to our company, to creating an LLC for our business, as well as our office building, to most currently, being the quarterback on the sale of our 30 year old company. The Dewberry Firm is always making certain our best interest is at hand, handling every detail in a very professional manner, and is readily available to answer our questions and concerns. We will continue to use The Dewberry Firm in the future and would highly recommend their service to others.
